Our second collaboration with Dan Pembroke MBE. Paris Gold was homebrew that he made as a statement of intent before Paris Paralympics. He went on to win a gold medal and break the world record in javelin. He's since added to that with a third consecutive World Para Athletics Championship title in October. Dan is passionate about raising awareness of non-visible disabilities and we're helping him with that cause, at the same time wishing all the para athletes luck at upcoming winter Olympics.

As pale as a 100W light bulb but as juicy as an IPA. Session-able, quenching and totally addictive. Biscuity malt base with a hint of sweetness all drenched in fruity and dank hops.	To round out the series, to put a line in the sand, to start the evening right or just to hold a baby sharks hand. Do do do do dooooo.	We loved Small Batch Project #2 so much that we have based the single hop Motueka pale entirely off that recipe. Expect a beautiful drinking experience laden with lime zing, creamy fruity tang and lemon thyme herbal notes. The first of our small batch tests to make it to the big leagues.	Our new core range Pale Ale! Sessionable, moreish, hop saturated New England style pale ale with a trio of wonderfully fruity hops.  Golden Promise, Oats, Flaked Wheat, Dextrin, Premium Caramalt
