NEW THIS WEEK

Froth Blowers

The Froth Blowers Brewing Co. is an independent, family-run microbrewery. It is situated in Erdington, Birmingham and started selling commercially in October, 2013. The general style of the majority of the beers is 'pale and hoppy'. All beers are made with live yeast, Maris Otter pale or extra-pale malt as the base, with a variety of hops to finish. We have eight regular beers and a handful of seasonal extras, our first brew, Piffle Snonker (3.8%), is still the best-selling.

Gollop With Zest <i>4.5%</i> PALE	<i>In 1925 potential Froth Blowers were asked, "Do you Gollop Your Beer with Zest?" This triple hopped pale ale combines all the best ingredients as those in our other beers but gets an extra 'zesty' hop-hit at the end.</i>
Riverside <i>4.8%</i> STOUT	<i>A classic Oatmeal Stout developed on the bank of the Singapore River in 1997 by a master brewer friend, and personalised by us in Erdington: 'micronized' oats and a hint of Weyermann's smoked malt give it its perfect finish.</i>

Oakham

Oakham Ales was established in 1993 in Oakham (Rutland) - the first beer brewed was Jeffrey Hudson Bitter (JHB). In 1998 the brewery relocated to new premises in Peterborough, a 35 barrel plant being installed in the new Brewery Tap brew pub. Rapidly increasing demand meant that capacity at the Brewery Tap site was reached and in October 2006 a new 75 barrel brewery was opened in the Woodston area of Peterborough. In 2009 on another hop sourcing visit to the USA, John Bryan, our Brewing Director, discovered an exceptional new hop variety – Citra. He instantly fell in love with it and couldn't wait to brew with it. He rushed it to the UK, ensuring that Oakham Ales were the first brewery to brew a beer with 100% Citra hops. Citra is now our best selling beer. Volume has doubled in the last few years with particularly rapid growth in bottled beer production and Oakham Ales today brews over 25000 brewers barrels a year (43000 HL) of beer per year. That's more than 7m pints! We are now going through ambitious expansion works that will enable us to diversify more into producing exciting keg beers.

Thornbridge

We brewed our first beer in early 2005 after the establishment of a 10 barrel brewery in the grounds of Thornbridge Hall. Our initial focus was on a range of cask beers that used traditional recipes but provided a modern twist through the use of a wide range of hops, malts and the innovation and passion of the brewing team. Now, with over 350 industry awards and a state of the art brewery and bottling in Bakewell, we're proud to be one of the leading craft breweries in the UK. Our beer now appears worldwide; initially it was only to Italy, but now over 35 countries worldwide, including our recent addition of Brazil, sell our brilliant beer. The increase in trade both at home and abroad has led to four expansions between 2009 and today.

Jaipur <i>5.9%</i> PALE		<p><i>We are often told “this is the beer, that got me into beer” and we are always very proud to hear this. It’s usually recognised as the first UK craft IPA, and was brewed with a huge amount of US hops at a time where this was very unusual, these provide a fantastic experience of grapefruit, lemon and tropical fruit with an enticing bitterness. We balance these with a great English malt base of Low Colour Maris Otter from Norfolk that helps keep the beer light and drinkable with enough sweetness to keep it all in harmony.</i></p>

Bitburger – 50L Keg

Without a doubt, pils (also called 'pilsner') is Germany's favourite style of beer. Fans of this style of brewing enjoy the dry, bitter flavour and light colour that is typical of the beers it produces. The name originates from the Bohemian town of Pilsen in the Czech Republic, where it was first produced in 1842, and we've been brewing this style of beer to perfection here in Bitburg since 1909. We lay claim to using the term "Pilsener" as an official designated beer style in Germany, way back in 1883.

And over the years it's grown quite popular – we're incredibly proud that Bitburger Premium Pils is a popular beer in bars throughout Germany.

Bitburger Pilsner <i>4.8%</i>		<p><i>Our straw-coloured pilsner is crystal-clear and perfectly hopped, boasting a light taste and a lasting foam head with extra-fine bubbles. This all combines for a moment of pure pilsner enjoyment.</i></p>

La Trappe - 20L Keg

La Trappe Trappist is genuinely brewed ale from Berkel-Enschot, The Netherlands. It has been brewed within the walls of the Abbey of Our Lady of Koningshoeven since 1884, where the Trappist monks live a life of prayer and work, in peace and quiet, away from the hustle and bustle of everyday life. La Trappe Trappist was awarded the exclusive 'Authentic Trappist Product' (ATP) label by the International Trappist Association. This label guarantees that the Trappist ale is brewed under the supervision and responsibility of the monks, within the abbey walls, and that part of the profits are donated to charity. These age-old principles are still respected to this day. The result is an ale brewed in blissful silence with a taste like no other.

La Trappe Blonde <i>6.5%</i>		<i>La Trappe Blond is a medium bodied and well balanced, fruity-hoppy, blond Trappist. Best served in a branded chalice glass, with or without the sediment. Good with mussels and pasta.</i>

Uilitje – 20L Keg

Fueled by fun and a monomaniacal mission to brew freakin' good beer that connects strangers and sparks friendships, we operate on the delirious fresh fringes of hop culture. Not craft but crafty beer created to bring people together. From our medieval Dutch brew-town Haarlem we toy with the hop extremes, decoding beer with a hacker's lust for provocation. Daring superhero beer from a tiny owl that just wants to play. Welcome to the funhouse, my friends.
